Thread: [\[XSS\]Vuln - Russian mafia website vuln worth \\$5,846.62](#)

kingjordy3 - April 1, 2012, 1:01 pm

Hey guys last night i found this website about the russian mafia its XSS vuln.

Since i dont know how to use XSS and im still learning (its hard) im giving this to u guys to do shit to it but be carefull that u dont get downed by the mafia :O

<http://rumafia.com/>

Site statistics:

Website Value :
\$5,846.62

Website Page Views : 2,669
Website Daily Ad-Revenue : \$8.01
Alexa Rank : 412,204
Alexa Links in : 229
Alexa Load Time : 2.422 seconds

If any1 would like to teach me some XSS like how i can steal cookies or anything add me on MSN
my msn is: kerosius@live.nl

Because the websites value is \$5,846.62 dosent mean the vuln is worth the same. XSS vulns work only client side so only when you link people through.

that site doesnt belong to the russian mafia, it is a ngo exposing mafia ties within CIS.

sorry for gravedigging, just insult to us russians that stay out of crime.
