MammoTh's Coding Service

Hello, let me first introduce myself.

My name is Tijs and I offer .NET Coding Services.

I am open for almost everything but very big projects will also cost a lot more.

If you are not sure what the price is for example a "Bruteforcer" you can just ask me and I will let you know what the price would be.

Payment Processors:

If paying via paypal I only accept payments in dollars.

Paypal

RSGP (Millions) (RSGP is money on a game called RuneScape.)

Why me?

I always keep my clients updated with the last changes on the project.

Professional and Clean Coding is the number #1 priority as is getting your project done as soon as possible.
