Rules were:

Freestyle

400x200

I believe we'll go with first to 20 wins, good luck.

Nice sig. Thanks for putting the thread up! Good luck.

Reseller - April 4, 2012, 5:24 am

I picked number 2. It is so much better overall.

Baker - April 4, 2012, 5:26 am

Second one is a lot better imo . It blends better and looks nicer . First one has too much C4D

Nunchi - April 5, 2012, 7:22 am

i pick the second one.

first one is nice but the text on it kind of ruins it. the text doesnt fit at all with the picture

Eeluminati - April 5, 2012, 7:31 am

The text ruined it for Jamken. Dang :(

I liked his overall but the text was horrible.

Consistent - April 5, 2012, 10:46 pm

Jamken's text sucks, and he over used C4D's. I vote for the second one.

ViN - April 6, 2012, 5:56 pm

Both were really nice, but I liked Jamken's better even though of the crappy text.

Justice - April 7, 2012, 1:05 am

Sexuality is amazing, my vote went to him. The other persons sig doesn't go together.

Sex, keep up the good work :)

Phytrix - April 7, 2012, 1:55 am

I went with sexuality. Jamkens text sucks, which is what did it for me. And IMO jamkens didn't really go together well.

adampelletgun - June 23, 2012, 3:13 am

I think jamken100's is better in this battle.

Dingo_187 - June 24, 2012, 1:13 pm

sexuality is better, the text jamkens did was bad :(

Jamken's had a C4D overdose and died.

Sexuality's was smooth.
Its the small details that matter.

jamken100 - June 26, 2012, 1:37 am

What is with these dug up threads..

Cr?ss - June 26, 2012, 8:32 am

Well I am not hating here, but they both have nothing impressive. They both may be decent, but they aren't really good. The second one is a little better because it has more of techniques and colors than the first one. (Just C4Ds in front and in the back of the render) I am sorry though I can't vote.

pseud0 - June 27, 2012, 6:43 am

Then stop fucking replying moron, you could have sent him a PM if you felt it necessary to state your fuck-up once again.
