Thread: [\[FREE \]Rat setup ,crypting setup,,port forwarding,spreading ,javadrive by setup\[FREE\]](#)

WarrioR™ - April 7, 2012, 7:41 am

Hi

I saw in forum lots of member question about rat setup ,crypting and how can i spread my server.

here i m tell you how can you solve your issues about rat ,crypter,spreading javadrive,

post here with your msn or skype i will try to solve your problemes

what the problem you r facing .

explain here .

and dont expect with me i will crypt your server..Free crypting service not allowed in HF

- 1- any rat server setup
- 2- Port forwarding
- 3- any crypter settings
- 4-torrent spreading
- 5-java drive by
- 6-Stealer settings
- 7-how can you safely use a rat program

Rembember my service is totally free

???

All of you stop sending private messages to me ..if u will do than i will never reply your messages

ramprabhu - April 7, 2012, 8:19 am

can you crypt my server ?? thanks in advance :P
