Screenshot the error or be more informative.

and PM sent weed

---DMD--- - January 19, 2010, 2:17 pm

Does this work with Windows 7?

Frags - January 19, 2010, 3:00 pm

Can i get a copy? Thanks. :D Oh and is it safe to crypt or will it corrupt the file? Or does it depend on the crypter?

I am fool - January 19, 2010, 3:06 pm

Not sure :3 wanna test for me :3

Frags - January 19, 2010, 3:11 pm

Didn't recieve a pm =/ Oh and could you recomend me a crypter that you know would work because mine only works for RATS i think =/

gaylechris - January 19, 2010, 3:28 pm

hi can i hav the link please...????? thanks: hi can i hav the link please...????? thanks:

JUAN9087™ - January 19, 2010, 4:47 pm

nice man i rlly want it but i can't =[

Sixx - January 19, 2010, 4:52 pm

Comment on the GUI. Check the Gmail User name & Password boxes. They aren't level.
Also, I dislike the text you have used, especially for the title it looks tatty. Other than that, I suppose it's okay.

I am fool - January 19, 2010, 5:16 pm

That's me rushing :3 thank's for the good feedback though.

And im no longer giving Carbon out if you want it you can get it at the site i host.

Just made the site so be kind :3

Ilvengancell - January 19, 2010, 5:20 pm

Crap And I Just pmed you b4 i saw this

Sorry bro rules are rules you can get it at darkcoderz but im not releasing here anymore till it's unfud.

TheSickNess` - January 19, 2010, 6:41 pm

Hey nice thing you have here carbon keep up the good work :)

I am fool - January 19, 2010, 6:53 pm

Im going thru nathen's project's seeing if i cant learn from that and make binders, crypters, email bomber's, what i really want is a good stealer source something clean and simple yet strong and well made.

Neth - January 19, 2010, 6:54 pm

Any proof that this accrualy works?

I am fool - January 19, 2010, 6:58 pm

People haven't complained yet :3 and i got a few Pm's saying great working keylogger so yea im guessing it's a alright logger :D need the dl?

sambosoeng - January 19, 2010, 7:01 pm

Great tool.. can you share with us man?

I am fool - January 19, 2010, 7:04 pm

Idk it's up on DarkCoderz link button is next to the thanks button but im only giving out to ub3r /trusted l33t members sorry. [Novirusthank's scan as of \(Tues/Jan/ 19\)](#) Were still fud baby wooo :D

Rukena - January 25, 2010, 3:10 pm

Seems like im going to wait a little bit longer to use this Keylogger..

Hey, don't forget me, remember me in like 3 or 4 monts hehe.

Btw, cool Keylogger skin ^^

l0oky - February 1, 2010, 2:50 am

Can somebody tell me what is that file "stub.exe" server for keyloggr ? This file im gonna send to victim ?

gaylechris - February 1, 2010, 5:30 am

hi can i hav the link please.....:)

Graff1ti - February 1, 2010, 5:36 am
coded in .NET ?.....

I am fool - February 1, 2010, 9:03 am
Mhmm and you have to ask around for the logger i reformatted so i don't have anything on my comp atm.

hipio - February 1, 2010, 9:32 am
Hmm, i saw more keyloggers with much more options.
And they are free and FUD to.
SO i dont need this one

z3tking - February 1, 2010, 10:00 am
Pleaseee send me your link

Ken. - February 1, 2010, 10:01 am
