Thread: [BackTrack 5 - Basics to Pro \[Video Series\] \[Updated Daily/Weekly\]](#)

D4rksVader - April 17, 2012, 5:32 pm

I've just started my new series on BackTrack 5, I haven't been using this software for to long but i've watched well over 100 videos, read numerous articles and used the software for hours on end.

I decided to share my knowledge in this new series.

Please leave me some feedback, subscribe for more, like and comment.

Episode #1 - Installing BackTrack 5 in Windows

Spoiler [\(Click to View\)](#)

Episode #2 - How to Install Network Manager and Setup a VPN in BackTrack 5

Spoiler [\(Click to View\)](#)

Episode #3 - Basic Zenmap & Nmap Commands/Function

Spoiler [\(Click to View\)](#)

Episode #4 - Keyboard, Language & Harddrive Setup

Spoiler [\(Click to View\)](#)

There will be daily/weekly videos in this series, so you should learn a LOT!

Please comment, rate and SUBSCRIBE!

nice tutorial.

But maybe you should move thread to video tutorials section? sorry if I'm being rude. just trying to let you know

Not rude, its just Video tutorial gets a lot less views :/ and im investing a LOT into these videos so i would prefer to get the more views & once i go into the more complicated stuff i'll be dropping some quite hefty text as well :)

Well, you're using BT.

Go over some of the programs, how to get the best use out of them.

I've already explained in an earlier post why it isn't there.

Thanks though.

oZZar - April 27, 2012, 1:20 pm

Nice, will check them out! Thanks for making videos, and i like your accent -.-

D4rksVader - May 3, 2012, 1:44 pm

Sorry for not making a video in a few days, i've got a LOT on with work & i'm currently building myself a new desktop PC..

If anyone would like to suggest a video/drop me some suggestions would be VERY appreciated!
