Thread: [iStealer 6.0 Index.php+styleCSS](#)

AwwwwwwYeah - January 22, 2010, 11:58 am

this is the onli'est things i got xD....

Only Leaked the Index.php+Style.css

Dont know why i post it here,dont think its much worth,but have fun <(^_^)>

<http://www.multiupload.com/NL38TH2OUU>

<http://www.file-upload.net/download-2186667/iStealer-6.0-index-styler.rar.html>

Stacker - January 22, 2010, 12:02 pm

iStealer 6.0 ?

Really ?

EDIT : Link Dead ! :D

AwwwwwwYeah - January 22, 2010, 12:11 pm

1.Just the index.php&style.css for login

2.its not dead o.o

Stacker - January 22, 2010, 12:44 pm

multi upload.com dosn't work for me :/

Other mirrors please

AwwwwwwYeah - January 22, 2010, 1:06 pm

Added other link----

hxkd - January 22, 2010, 1:06 pm

I have that stuff too. Some people where realising fake versions of the tool, to make it look real they added the index and style files.

hxkd

Stacker - January 22, 2010, 1:42 pm

Thanks for new link :)

GhostMaster - January 30, 2010, 2:21 am

only index @ CSS. where the builder ? ;-)

hxkd - January 30, 2010, 7:38 am

If you was not so stupid/blind you would have read: "Only html and php files".

hxkd

Infobesity - January 30, 2010, 8:43 am

Interesting this steels cookies?

hxkd - January 30, 2010, 9:10 am

OMG another one... (that does not read what is infront of them).
