Thread: [trying to make a booter from a booter source but i keep getting this error](#)

**Tricorn** - April 28, 2012, 9:31 am

Warning: mysql\_connect() [function.mysql-connect]: Access denied for user 'paniicne\_booter'@'localhost' (using password: YES) in /home/u860324025/public\_html/dbc.php on line 31  
Couldn't make connection.

if you pm me i will give you contact info or you could pm me with how to solve it :/  
thanks for reading

**Bassline** - April 28, 2012, 9:48 am

It means it can't connect to the database, did you sue the details from phpmyadmin? and are you sure you have a database for it?

**Tricorn** - April 28, 2012, 9:52 am

im not sure, i think i set it up incorrectly. could you give me a few ways to fix it?

**Bassline** - April 28, 2012, 9:59 am

Well try use the database details IE:

in the config file it would have

```
mysql_connect('localhost','db_user','pssword');  
mysql_query('SELECT * FROM database_name.table_name');
```

you would replace those values with your database details IE:

```
Mydatabase  
myuser  
mypassword  
localhost
```

reported, called cops, telling omniscient.  
stop this shit.
