Thread: [Free Minecraft Pixel Art Schematics](#)

Ki?rb?y? - May 2, 2012, 12:58 pm

Do you own a Minecraft server and want a cool pixel art for your spawn? Just post here with the image you want a schematic of and I'll make it. The max size the image can be is 255x255.

SpriteCraft? Correct me if I'm wrong? Or do you do it all yourself? :D (Not trying to troll or anything, because it seems nice and all, but just asking :-)
