Hey guys.I was just using different vpn's and i just found that the file-ice survey was easy as hell..and the idea just flicked to my mind of doing some surveys....i dont kno for how much time will this work but atleast it is working atm...so if u r having difficulty in downloading any files just pm me the link[PM me only if u r sure for this service,for interrogation post here only]

And yeah...no free copies as i don't think it will work for long if i started doing vouch copies

Price=Free for now :D
