Thread: [\[REQ\] Very simple signature \[REQ\]](#)

Hey guys, I would like to request a simple signature. You are free to do whatever, as you are normally the creative ones.

The only guidelines I have are that it be based on my
"desire for knowledge"
or
"thirst for knowledge"
or something to that affect, basically about wanting to learn.

I'm looking forward to seeing all of your creative ideas!

I can do this for you later on, or tomorrow afternoon. Just message me to remind me. :P

Will do, thank you ?.
Still looking to see some examples.
