Alright, so im bypassing sites for you for free that contains old paypal buy now button.

Here is an site example:

<http://buildmeacashblog.com/> (the ebook costs about 40\$ dollars)

Interested?

Just reply and PM me with website link.

CTRL + U and then search for return?

Might as well tell them how to do it.

Lemme guess.

Code javascript:top.location=document.getElementsByName('return')[0].value; javascript:void(0);
