And I was using my grados to listen to the music and it felt like every piano note stabbed my heart. (Grado headphones have a very bright treble meaning the treble is piercingly high).

I'm just mixing my voice track with the instrumental track now.

I've decided to offer a prize for the "best" cover of this =)

Being an anime section I'll offer a Hatsune Miku vocaloid album (on CD of course) that I purchased or some other anime related items (I have access to lots of wall scrolls and other merch locally).

I guess the winner can be chosen through a vote.

Also, new recording of myself using a real mic (not some crappy mic I got at staples):
