Alright, many as you know this site <http://getinstantpayments.com/fbtimeline/>

They are selling an epic FB TimeLine Toolkit, for like 10\$.
And in this thread i will give this for FREE.

HOW TO USE THIS:

Well it's not a program or anything (i tested it) you just need to upload it on your hosting and you are done.

DOWNLOAD:

<https://hotfile.com/dl/155130677/4112859/FBTimelineToolkit.rar.html>

Download and you saved your self 10\$

Dont understand what we could do with it ?!Well, it's an tool that helps you make your FB TimeLine cover for your profile or page. So as you follow the site, just upload the files that you download to your hosting and when you are done with that, an tool wil appear in your website for making your logo.
