Thread: [\[Source\] Graph control](#)

mynphit - May 17, 2012, 10:03 am

Hello HF!

This is my graph control, hope you like it:)

GIF Image

Spoiler [\(Click to View\)](#)

[Source](#) (PasteBin)

Example usage:

```
Code Line1 = graph1.AddLine(Color.Blue); //Add a new line to the graph control
graph1.Push(Line1, 0); // Push a value on the graph
graph1.Push(Line1, 1337); //Push another value on the graph
graph1.GetLine(Line1).[Property] = true; // Edit property of Line1

How did you get it to have the properties control inside the window? or is that customly added?
