Thread: [Movie Review - Law Abiding Citizen](#)

Blad?s - May 19, 2012, 7:59 pm

Info -

This movie is about a man who had his wife and daughter killed in a robbery. Both the killers go to jail, but one of them is released after only five years. This is extremely unfair to the main character. So he decides to take problems into his own hands. He attempts to get everyone in the justice systems attention by committing a series of well planned out murders. He is quite brilliant in how he does everything, and keeps everyone on their toes throughout the movie.

Rating - R

Length of movie - 1 hr. 48 min.

Movie type - Mystery & Suspense, Drama

Opinion -

Personally I loved this movie! I'm not sure if it was the intense kills, or just the Justice being served, but I felt that this movie was one of the best movies I have seen in a long time. It had many different things going on, and kept you wondering what would happen next. The only thing that I didn't like was the ending. I won't spoil it for people that haven't seen it, but I feel like it is human nature to wish the movie ended differently. Aside from that I loved every part of the movie!

Also, just a quick warning to those of you that don't like graphic movies. This movie did have a scene where someone was being pretty much picked apart. For example, you will see his leg getting caught off, and later you will see his head already cut off with teeth missing, and no eye lids. It was quite disgusting, but had no affect on me.

1 2 3 4 [5]

I would give the whole film a 9.5 / 10

Purely because, it was to overplayed at some parts.

However it is still probably one of the best movies i have seen.

What do you mean by overplayed? If your saying that it was over done, and that the stuff he did wasn't really possible, well your for the most part right. Although for me, that didn't really make me not like the movie. I, as you did, thoroughly enjoyed the movie :D

I like this movie but the ending pissed me off lol

Spoiler ([Click to View](#))

They should have made it so he lived and the building blew up

but other then that it was good. And being graphic is a good thing imo but if you did not like that then why did you rate it 5/5? shouldn't it have brought your rating down..

I had no problem with it being graphic, I was just saying that for some people who don't like that kind of stuff...

I'd rate it a 3 out of ten, for the pure reason the ending fucking sucked.

Movie: 10/10

Ending: -50/10
