Vouch!

Just bought some shells. Agent cut me a great deal and threw in extra shells free of charge.

This user is 100% Legit, do not hesitate to purchase from him. Shells are confirmed working 100%.

Thanks man!

Watch out. This guy is giving the same shells to everyone, gives duplicate shells (two "shells" on the same VPS) and they don't even hit at 5 MB/s. The first days they were strong, then they started going downhill. AgentLulz said he was going to refund me weeks ago but he still has to. Now he's ignoring me on Skype and my PMs.
