Info -

A thrilling TV show about two brothers who were trained to be "hunters". Sam and Dean Winchester are constantly trying to save the world from Demons and Leviathan as well as Angels.

Opinion -

Supernatural is by far one of my favourite TV shows ever created, the storyline of every single episode is so gripping. There's always a twist in their story, there's always something you didn't expect. If you're looking for a thrilling TV show with a lot of drama, look no further.

I know man.

I pretty much have seen most of the episodes. xD

My fave episodes is when they are trapped in the building and this purple cloud is coming for them. Pretty much like a Demon Cloud.
