Scammer people, see the thread at <https://hackforums.net/showthread.php?tid=2542899>

@TeLneT, if you are going to respond to this, its very simple for you to redeem yourself and prove us wrong...send the Admin or any highly trusted HF member here a Vouch copy of the FormGrabber which you claim you coded and let them make an independent call. Simple.

Yes, all interested buyers please go and check .. he is not even a very good scammer. (story is all over the place)

This is your sales thread Telnet... I am sure the community is eager for you to provide some proof of your skills. (like all other members who are selling stuff on HF)

I would be interested in this.

Do you want to get paid per hour or per project?

I will PM you.

TeLneT_ - August 9, 2012, 4:10 am

Replied both respectively .
