Hey i was wondering if I could get the crypter. I only have like 50 posts because I only recently started becoming active and posting.

I have a pretty big PSP CSO/ISO (Free PSP Games) Thread in the PSP section.
A SEing Guide.
And COD 5 and MW2 with Working Cracks in the PC section.
and more
Just let me know please, I would really like to have this crypter it looks good!
Even if you dont give it to me it looks really good, good job.

Rain - May 29, 2010, 5:06 pm

lol I like how people without the requirements still continue to bog up the thread :3

Looks nice however, not to fond on the blood spatter tho on the gui. But its not honestly the GUI that makes the program, its the stability and the reliability coupled with its functions.

Diabolo:

I'm trying to PM you for a copy, but your private message Inbox quota is full.

I'd like a copy, though. So if you could either PM me or allow me to get through to you, I'd appreciate it.

You have reached your private message quota so I would like to request a copy of the Crypter on here. And is this crypter made only by you or did you take another source and code from there?

unknownkind - July 28, 2010, 11:38 pm

I would like to try this... can I get a copy?

Thanks!
