Great review dude! Good length, and has all the info you need in it. Thanks for doing it :)

i watched this at the weekend, really good film.

i liked the slushiness that crept in at parts, and the effects were pretty nice.

Thanks for the honest review, I may just have to watch it now!

Lol found this movie a huge clichè.

If you wanna watch something thats been done ..then go ahead and watch it.

The action, the suspense and just the mystery on what's going to happen next is just a thriller.

Disagree ..abit tedious ..took awhile before shit happened.

Meh..

I think there are two out so far

I am number four is actually a book adaption, so if you're into reading, there's a book sequel called "The Power of Six" by Pittacus Lore. I've read the whole franchise and I'd recommend it as it's light, but good reading.

As for the movie, I loved it and I've watched it countless times again just for Dianna Agron ?

Wow, just finished watching this because of you :) thanks man! Amazing movie! Thought he was done when the girl couldn't get up and he was gonna get stabbed though, brilliant use of his moves to blow the dudes grenades up :P

I thought that I Am Number 4 started out pretty good, but the story kind of lacked a solid third act for me. Anyways, glad you guys liked it though.

I would not rate this movie a 5 in a million years. I personally think it was pretty shitty. 3/5. And that's me being nice.

Epik_Reign - June 5, 2012, 8:00 pm
