Good luck with your sales, mate, and from further conclusions, your spreading method would definitely be worth the \$10.00 USD investment.

If by Quota you mean "does it work" then hell yes, I can get 200 bots within 1-3 hours and make a easy profit. There is soo much value in this ebook it's ridiculous.

One that that is helpful for one of the methods is being able to change your IP though.

So the answer is no, there isn't any official vouchers for my ebook, sorry!

If you use the ebook effectively you should get atleast 100 installs a day.

All the methods are very easy, not all of them are autopilot.

If you are looking for good auto pilot known methods you should go with Youtube, Torrents, Apex, those three are pretty easy and effective if you didn't already know about them.
