Thread: [AA Weekly Poll #11: What is your fetish/sexuality?](#)

oneechan - June 1, 2012, 7:22 pm

Hai AA! This week's poll is on Fetishes/Sexuality?!

[Last week's poll results: How often do you watch anime?:](#)

Total Votes: 50

Almost every day: 21

A few times a week: 13

Just on weekends : 2

Whenever I feel like it: 10

I don't really watch anime anymore: 4

Seems you all are dedicated Anime Lovers. Congratz! :D

This week's poll: Sexuality/Fetish

Well, inspired by recent threads, our poll today focuses on what your fetishes are. Yaoi, Yuri, Shotacon, and finally Lolicon. (With some bonus choices!) Below are descriptions and examples.

Yaoi: Not to be confused with Shounen-Ai, Yaoi focuses on homoerotic or homoromantic male relationships.

*Note: Just so everyone is on the same page. And just in case some of you somehow weren't sure. ALL of these topics are sexual and 18+. Images used were fairly tame to fit HF rules...I'm hoping. Anyway, probably not even needed, but just in case.

Feel free to leave a comment as to why you picked what you picked. This is not a debate thread. Poll is public and single choice only. Poll will close in 5 days.

Know a good poll topic? [PM Angel](#) or [PM sp3ctr3](#) and your topic may be the next AA poll! SEND US SUGGESTIONS! WE AREN'T CREATIVE! That is all.

When it comes to fetishes, I'm more like about yuri.
Although I could say lolicon but I'd see you in jail then.
Jk, I really prefer yuri.

The odds of a female on the AA are little, but the odds of a female on the AA that fetishes yuri are... like impossible.
Unless your name is Deus Ex Machina and you can travel between space and dimensions, like in Mirai Nikki.

Fun fact, there was like this shoujo-ai / yuri fanclub on MAL I used to be a part of, and around 75-80% of the members were female...

And yeah, I voted for yuri ;3
Yuri manga > everything.

On MAL then yeah, of course, there would be plenty of females.

But I doubt that there are much here. Not saying that females aren't interested in animes.

Nah, just because you mentioned gay females and impossibility in the same sentence, I thought it might be relevant.

Montie-Kin - June 1, 2012, 8:07 pm

I'm just a pervert. I like shotacon, loli, yuri, furry and sometimes even yaoi catches my attention. I'm not gay or anything but yaoi characters tend to be reeeally f*ckin adorable. I'd never engage in any sexual actions with a guy but I'd defiantly hug one to death if it wasn't so awkward.

sneekybasterd - June 1, 2012, 8:24 pm

Yuri all the way folks, coming through let me hit that button.

Loli is on top for me. Although yuri comes close.

I also like monster girls, but that's not on there.

Um, it's not REALLY furry in my opinion as it's not exactly full...human-animal... Forgot the word. XD

Anyway, to answer both of your complaints, yes, it doesn't include a TON of fetishes as it was meant to focus on the 4 or so main ones. We might do a more full poll in the future. ?

Lolicon
Shotacon
Yuri
Yaoi

Eh, I don't think I like your response. Not because you're indirectly calling me a future pedophile, but because it's such a shallow statement. I have sense enough to know what's good and bad. I'm not and will never be sexually attracted to real children; so I trust there are other shota and loli fans that have the same bit of common sense that I do.

Nah, he's talking about shotacon. I bet you know this already, but shotacon = male lolicon.

@Blackman

If you're saying lolicon/shotacon is for future pedo's, you're just as ignorant as any other outsider who wanders in here.

Not saying it's completely unrelated, as they practically feature child-like characters in explicit situations. But being sexually attracted to a child-like character specially drawn with a body to seduce people, and being sexually attracted to a real-life child are two different things.

And since you only mentioned shotacon, I also do hope you're not discriminating between the two.. That would make you not only ignorant, but also a hypocritical douchebag.

I have to choose the fifth option. When it comes to being a pervert I am a Lolicon and addicted to yuri and is that yuri happens to be lolicon as well I might tear skin, if that yuri lolicon is happening as a train rape then I guarantee I will produce so many blisters a doctor couldn't tell whether I was injured or had a series STD. While I won't call myself a pure shotacon I do like the girly guys (lets say middle schoolers), not flamboyant but rather just cute.

Now to get on topic; being that i am a heterosexual (straight) male, I have loved female on female 'entertainment videos' even since i first discovered them. Later when i discovered a great thing called anime seeing it mixed with this girl or girl lovin in the shape of manga or anime really gives it a extra boost, so in conclusion i enjoy Yuri. I also can enjoy lolicon ? IF and ONLY IF the girls involved are on the older side like 13-15. Usually others might find that a bit creepy ?, but i find it a bit more acceptable being that i am 15 and it just makes it more fun for me because i can relate easier to it ? AND also it's because i am a bit of a pervert ?.
