Thread: [\[FREE\] Signatures - basic ?l33t/ub3r?](#)

Oats??? - June 3, 2012, 9:24 am

Here i will try to create basic signatures for you all! The reason why this is for l33t/ub3r only is because i dont see the point on making signatures for normal users as they cannot wear them.

Please fill it the following application if you would like one.

[color=#800080][b]Renders:[/b][/color]
[color=#800080][b]Other info:[/b][/color]

Sorry for the use of whore, but i couldnt think of anything else when making lots of signatures sometimes you lose inspiration as its not provided so i had to write something in order for it not to be plain. I can change it if you like;)
