Make life easy

Make life easy (A example section only 1/3 of it)

Spoiler ([Click to View](#))1)You are NOT a philosopher.

2) If someone offers you to use a public toilet before them, DO IT, it means he's gonna drop a bombshell in there.

3) Don't pay for every girl you go out with, that's just stupid.

4) Do what YOU want, not what THE WORLD wants you to do.

5) Accept who you are, you aren't changing soon.

6) Even if she looks 18, she might not be.

7) DON'T keep messaging a girl every few hours, girls don't like clingy guys.

8) Girls don't like guys who BAWWW alot, or try to get pity. Be happy.

9) If you find money on the street, IT'S YOURS, DON'T HAND IT IN ANYWHERE.

10) Everything people do in life is self motivated, nobody "does stuff to be kind".

11)CHECK YOUR PAYSLEIPS; people like to fuck you over for money

12) Don't try Internet dating at all; it fails no matter what people say.

13) Accept that not everyone in life has to fit into a stereotype.

14) Your highschool marks don't mean shit in later life, have fun.

15) High School years ARE the BEST in your life, again, don't stress through them.

16) Don't feel pressured to be in a relationship because all of your friends are in them, they aren't super awesome.

17) Sex IS overrated, you get your dick wet, there is no need to become so desperate for it.

18) Do not sleep on the floor naked when you have animals in the house

19) Do NOT fap into underwear and leave them around, your mother can tell.

20) At the store, just because it says buy 2 get 1 free, it isn't SAVING YOU MONEY if you DON'T NEED IT.

- 21) No matter who you vote for, they are still gonna fuck you in the ass with their policies no matter what.
22) Just because the media and government tell you something, doesn't mean it's always true.
23) Do not add "friends of friends" on facebook that you haven't spoken to before. Shit's just creepy.
24) Just because a girl is talking to you, doesn't mean she wants your dick in her mouth.

This is the first 24/160 in the TOPIC Make life easy.

As an aerospace engineer I can already pick out some of these hints that aren't true, but if I find that at least half of these are, I might consider taking them more seriously haha.
