Whats going on Hackforums ,

Today i came up with this Awesome Idea about a E-Whoring Team.

Where a couple of People work together to get \$\$\$\$.

I think this would be an awesome Idea because Experienced "Users" could teach Unexperienced "Users" how to E-Whore.

Benefits

We would have a Forum so Members could help out each other.

We would have a Bank , so Users that pay into our Bank can get (more) Money out, Depending on how well they do.

People could E-Whore Together in Teams of 2 to E-Whore a Specific "Target"

We would also provide many other Amazing Features

How to Contact me for more Information :

Skype: JayAargh

Our Money System

Well everybody can donate into our "E-Whoring Bank" which is todally up to them ,with that Money we could upgrade our Forum or also split it up amongst everybody that "donated" which would be probably each Month (maybe each Week but not sure yet)

Side Info : I will be keep Updating this Thread
