we managed to hack into this website and root it and take the hole rdp

here is our deface on it the government take some of it XD

so we still have index on it here we go

<http://www.ramallo.gov.ar/data/fotos/index.htm>

i hope you all like our work wait for more :)

Best regards

You took the "hole" RDP LOL! you mean "whole" as in entire lol

Wow, kids group.

And your hacking a site in Argentina with game boy level security. Cool bro

How your team manage to do this again?

yeh i have bad english but i think this is not a big deal cuz it's not my mother lag and we are not kids

and you can try the security with your self

<<< dont ever talk before try >>>

thx for comment

well I do like the graphics on the bird

ResilientFall - June 10, 2012, 7:31 pm

Oh nice bro that's some pretty cool stuff

xx 0x0 xx - June 10, 2012, 7:43 pm

thx for this nice comment's guys i hope our work gonna like all of HF members

if you are gonna deface... atleast learn to spell...

"We will not accpet"

Fix that...

Pain And Gain - June 10, 2012, 9:01 pm

Looks good, I agree with GravzyUK you should correct the spelling mistake makes it look stupid.

'Cody - June 10, 2012, 9:03 pm

Please don't do a deface page in English if you're not even able to spell correctly, it makes it look stupid.

xx 0x0 xx - June 10, 2012, 9:29 pm

calm down guys it don't have alot of mistakes im gonna correct it

but also i dont like who think him self English teacher and i ty
