WeDeW - June 13, 2012, 9:22 am

Hey HF,

This is a Font Pack i`ve gathered over the years, and in my opinion it contains absolutly the best fonts out there .

?Special - June 13, 2012, 9:39 am

can you give me this please ? pm`in you right now. :D

indicud - June 13, 2012, 9:40 am

I'm PMing, i need this for GFX :D
thanks man

Ziexxx - June 13, 2012, 9:42 am

I would also like to get this.

My current font collection is over 5000 and I want to weed out some of the bad ones, and only have awesome fonts left over.

Using this will probably be easier than going through all my fonts 1 by 1.

Thankyou in advance.

Jaden Yuki - June 13, 2012, 9:43 am

I'm interested, going to PM you. :D

WeDeW - June 13, 2012, 9:47 am

Nice pack,nice contribute to the forum.=D

Although devilsmk you should add a caution to the your post and in the pm.it should say "caution,putting big font packs in your computer system could slow the booting speed of you're computer depending all how many fonts you put in and could lead to an hdd crash.advice only to add a few to your system not a lot ."
