Thread: [Userbar Poll \[Dynasty / Rhythm\] *Ex-Techsperts](#)

Positive - June 14, 2012, 1:29 am

We have gathered the money from a user here on Hackforums and he has helped us pay our way to changing our group.

From either Techsperts > Dynasty or Techsperts > Rhythm.

This is not a recruitment thread, nor a thread to discuss either of the too.

This is basically picking a userbar for each one.

Please pick and choose from the poll, and comment if you want.

Killer. - June 14, 2012, 1:33 am

I didn't like any of them except the first one. The others seem too unprofessional.

prometheus. - June 14, 2012, 1:44 am

I voted for this

<https://i.imgur.com/lE3Q.gif>

its the best looking one there is!

Are you high.... The first one is butttt.

Positive - June 14, 2012, 1:49 am

I think the top two are the best.

Top and iElement both worked on the second one.

Darken - June 14, 2012, 1:54 am

If this userbar doesn't win I'm going to kill myself.

D3xus - June 14, 2012, 3:45 am

The 6th userbar for Rhythm is beast.

Slayuh - June 14, 2012, 3:47 am

Damn that Rhythm one, the first one looks sexy as hell, I would love that one lmao.

.Blank - June 14, 2012, 3:51 am

I ticked all the boxes.

Did I do it right?

That's exactly how you are suppose to do it.. Thanks for helping dude!

-3 rep for so helpfull

.Blank - June 14, 2012, 3:53 am

Oh shoot, I didn't know that you could only pick two :l

Mutes - June 14, 2012, 5:02 am

There's only one Dynasty bar on the poll, so I picked that, but the one in the thread is better. The first bar (2nd in poll) for Rhythm is the best. I really don't like the others at all.

Verts - June 14, 2012, 5:50 am

Should have been more Dynasty userbar's. We didn't get a fair/even chance at choosing one.

Ohya - June 14, 2012, 7:04 am

One of the best userbars I've seen so far;

Props to whoever made it. And I'm looking forward to this change, as well. I'd actually apply if this were to become a music related group.

Thanks, Top and I created that one together. I did the equalizer in the background and text. Top did

the headphones and image compression to meet the minimum specifications put down from Omni.

Pocky - June 14, 2012, 7:51 am

Just placed 3 of my votes. Looks very nice! :)

Cronus- - June 14, 2012, 8:13 am

or

Both look nice, but I prefer the first one.

ra1d - June 14, 2012, 8:30 am

To be all honest, I don't really like any of them. ?

ButtMilk - June 14, 2012, 8:38 am

I don't particularly like any of them, most of the gradients just don't look nice. If I had to choose one, it would be this:

Demethos - June 14, 2012, 8:47 am

I'm voting for this userbar.

Props to whoever created it.

redpois0n - June 14, 2012, 8:51 am

Number 5 that is for FUCKING damn sure.

Draw - June 14, 2012, 8:52 am

5 and 7 are the clearest to read, so I voted for them.

Van Hohenheim - June 14, 2012, 9:51 am

Well this is the only one I actually like.

Rebellion. - June 14, 2012, 9:55 am

Voted for this

It looks damn awesome.

.kDS - June 14, 2012, 9:57 am

This one looks the best imo;

Soulmate - June 14, 2012, 9:57 am

Voted for the 6th Rhythm one, can't wait for the TS changes ?

Slayster - June 14, 2012, 10:03 am

I voted for the second which seems to be winning.

Paradoxum - June 14, 2012, 10:09 am

The first and second one offend my eyes. The seventh one looks decent.

Mr Kewl - June 14, 2012, 11:14 am

This one is SEXY!

So you planning it to make a music group? Seems like a great idea!

redpois0n - June 14, 2012, 11:20 am

This all day. Nothing more to say.

or the one above

Positive - June 14, 2012, 3:40 pm

When [Omniscient](#) PMs me back, I will close this thread and decide off of votes.

Prince™ - June 14, 2012, 4:57 pm

The same one which I voted in the sub-forum ,

Odd Future - June 14, 2012, 5:10 pm

I love it. It has the equalizer inside of the lettering.

But it's really hard to see unless you zoom in.

Retribute - June 14, 2012, 6:30 pm

I'm not really fond of any of them, but I guess the second was is alright.

I tried fiddling with it so much so it's visible and has that effect at the same time, but it was really hard. I think it looks alright.

If this one is you're's then I like it the best.

Maybe add a light stroke and it would stand out more or a low opacity outer glow. :3

EDIT: I've made some userbars I think you guys should see. Might be good. ^_^

I like the ones you did Trademark! They look really sexy. Good job bro(:

Mahdy - June 14, 2012, 9:15 pm

What are the groups going to be about before I make my decision?

Is Rhythm going to be all about Music? Elaborate more please?

Russian Person - June 14, 2012, 9:36 pm

I'll vote for the second userbar, it looks pretty good.

These you made are actually pretty sexy.

To make them better remove the music note, remove shine, and use a sexy calligraphy font.

Also you can try adding a black rectangle over top each key with opacity at 5%. Then add an animation of the rectangle rolling down the keyboard giving the effect of a glissando.

There is a thread on that later.

This is just for the userbar at first.

Thanks man! I will definitely try that when I get back from school tomorrow. Thanks for the advice for that. ;p

Odd Future - June 14, 2012, 11:00 pm

I changed it up quite a bit, 10x sexier now that you can actually see what it says.

(° ? °) - June 14, 2012, 11:27 pm

I like the first and second userbars ?

Thats Nice - June 14, 2012, 11:29 pm

I know Rhythm is a music group.

But what would Dynasty be? Innuendo?

I like

A lot!

Coloring fits so nicely!

Remorsal - June 15, 2012, 1:50 am

I chose this, because it actually would look nice as a userbar.

Positive, hopefully this group is aimed to be great. ?

Prince™ - June 15, 2012, 2:10 am

ven0m - June 15, 2012, 12:24 pm
