Thread: [Test me](#)

RIPPER - June 16, 2012, 7:31 am

I want you to test me with bada** challenges
And please make them real sites (By that I mean don't give me nurfed and zerocool's challenges)
I want to test my skills in real cyberworld
And am talking about SQLi challenges BTW

ProductiveHQ - June 16, 2012, 7:37 am

Get this <http://lsgyvenimas.lt/> website defaced or redirected? REDIRECT TO <http://www.real-life.lt>

I said SQLi challeges...LOOOLS
Thx for trying anyways

No??????? - June 16, 2012, 8:20 am

I've got an LFi challenge for you, PM me if you get it. Pretty easy...
Code http://support.google.com/bin/static.py?hl=en&page=top_products.cs

RULE? - June 16, 2012, 8:25 am

PM me when you think you have found the vuln.

I don't deface so I am not going in..But if you have a hard SQLi challenge be my guest

frogmarch - June 16, 2012, 3:13 pm

Why not try to SQLi it then ? Get the admin log in detail if you think your man enough :D

I don't think there is a vul in...Maybe there is one in memberlist but no time to register

frogmarch - June 16, 2012, 3:21 pm

Sucks man if only you could get in :D

What do you mean??

And BTW I want a good challenge like the ones before you

benzi - June 16, 2012, 3:33 pm

thats a nice one-

pm me the version.

Code xxi.com.tr/index.php?action=displayProject&order=1&comment_order=1

This sure as hell isn't the kind of challenge I expect...Go see what benzi did...I call that a challenge..SQLi only

No one has anymore challenges..Come on people
