That's strange, it works for me and nope, it definitely didn't end.

No you can't, you can only "buy" one. If you put more than one it will go back to one on the checkout.

It most likely doesn't affect your metabolic rate, but just makes you less hungry. I've seen
commercials on gum with the same effect.

Rat Pack - June 30, 2012, 3:23 am

Well I've received mine. I'm not fat, so I gave them to my mum who is a bit fat lol.
