Hello AA, it's time for our weekly poll. For this one, how do you read your Manga?

[Last week's poll results:](#)

Seems most of you download! Sorry streamers.

This week's poll: How do you read your manga?

Do you use a tablet? Do you read on your phone? Do you read on your computer? Do you actually buy your manga?

Feel free to leave a comment as to why you picked what you picked. This is not a debate thread. Poll is public and single choice only. Poll will close in 5 days.

Know a good poll topic? [PM Angel](#) or [PM sp3ctr3](#) and your topic may be the next AA poll!

I buy it. Whenever I try reading it other than a physical copy I always lose interest.

Wanna add a "Do not read manga"? Or am I the only one who doesn't read it?

Rakshasa - June 23, 2012, 8:05 pm

Hmmmm... I read both on my computer and my ipod (4.3 x 2.4 inches / 480 x 320 pixels).
What do I do?

Spoiler ([Click to View](#)) Oh how I'd buy if I had just a little bit of money...

Oh shoot. Forgot that. :S Sorry.

Anyway, tiny thread today since the options are fairly easy to understand. >_< And lazy...and a bit late on this post. :S

You forgot about borrowing manga from a public library and reading it free of charge.

Never expose your powerlevel you must.

During the weekends when I'm allowed on my PC, I use my PC obviously.
During the week days, I use my phone via application.

Sorun - June 23, 2012, 10:59 pm

Would like to multi choose Tablet and buying. Ill go for tablet since my E collection is bigger then my physical.

Incest - June 23, 2012, 11:13 pm

I do a little bit of everything except tablet.

I chose read it on my phone though, because that's what I most often do. I like keeping archives on my computer, but I think it's easier to just read it wherever, whenever I'm bored.

I buy some manga, but honestly not enough.

Oh, and this is the first poll I was able to partake in ?

To be honest, I do all of the except for the tablet one. I prefer buying and reading the physical manga but I read it online more often because it's quick and free.

9/10 times on my phone and 1/10 times on my PC. If however I liked the manga I was reading for free I purchase it to help the manga creators but if I dislike it I don't buy it.

KinGxKeV - June 24, 2012, 12:45 pm

I'm about half and half between buying it and reading it on my computer.

Fox - June 24, 2012, 4:38 pm

I read most of my manga on the computer since I don't have any bookstores nearby that sell them.

Verts - June 24, 2012, 5:25 pm

I have literally bought one manga before. And that was prior to my discovery of this unknown tool now known as "uTorrent".
