sadaf is an amazing coder, 5/5.
he is trusted and a great member!

EnvyH30 - February 6, 2010, 8:25 am

Just wondering what language is this coded in?
And does it need .Net support?

I might know a friend who will buy if .net is not needed

RandomPanda - February 8, 2010, 6:28 pm

This is that one guys keylogger, the one that made the scantime crypter, binder Etc. its the EXACT same just with a new GUI.

Saroya.Jutt - February 8, 2010, 6:33 pm

Now Paypal is accepted. Send money on sjaveed529@yahoo.com then PM me for this Keylogger

RandomPanda - February 8, 2010, 10:15 pm

This is: sikandarnandwani's Keylogger Re-skinned. (maybe added a feature)

Saroya.Jutt - February 9, 2010, 1:26 am

(Feb 9, 2010 02:24 AM)RandomPanda Wrote: [\[CITE\]](#) don't buy this garbage, its just been re-skinned, and he never even gave credits.

Someone should make it public.

how say i didnt give the credit that guy see in that a credit button that is for the legends and also

see the whole post and first read the post dude then say anything ok

(Feb 8, 2010 11:46 PM)DaM!eN.exe Wrote: [\[CITE\]](#) i know, this might be considered as a thread trashing post, but this is epic PHAIL!

It isn't coded by you!

I can prove that...even i bought sikandar's private source and this shit that you posted here is just a USELESS GUI CHANGE!

Dude, at least don't say you coded it, coz sikandar gives us the right to resell the programs!

Fags! Total crap..ill release the source to the public instead!

see this dude and its on 2 page of this thread.
