The Ultimate Collection of Fonts v1.0

How Could I Use This?? It works with microsoft word, and anyother program where you can choose a font type

You can print it!

It's sexy

It's compiled by me

It's Free!

What's Included? 100+ Fonts

Shortcut To Font Control Panel

TONS OF LOVE

Nice List! The only bad side is that I hate flooding my fonts with bad fonts. Good for beginners I

suppose! Would +rep if I could! Quality Post.

Glad You Liked It. ?

I'll be coming out with a v2.0 in the near future, so anyone that has any requests/suggestions to what should be in the v2.0 private message me.
