?????????????????? **Cody** - June 26, 2012, 5:39 pm

Hey HF members, been a rough day today with all this FBI controversy, but I'm here to brighten up the day!

Welcome to my first giveaway!

I am excited to be finally giving back to this community, and am welcoming all members to participate in this giveaway.

I will be giving away one \$10 Amazon Gift Card! This came out of my own pocket and was not stolen or anything like that, so its 100% legit.

I will allow 20 participants and will pick one winner as soon as I see that all spots have been taken. I will be using Random.org to pick the winner, so this is not rigged or anything like that. I can and will record me picking the winner using Random.org upon request.

Pick a number between 1-20

How to correctly enter the contest -

EX:

1: (username here) [number you choose]

2: etc

3: etc

If you don't get the format here...

Copy the last persons entry and then add your to the bottom. ect...Idk how else to explain. lol

Okay this was a complete fail on my part I guess. The format was too hard. Going to close this thread a try again.

Mods feel free to delete this thread asap, will be making a new and more organized thread.

Sorry for all the confusion, was trying to make it easier on me.

All who entered here will have to enter again, sorry too much confusion.
