This eBook is simple, yet elegant. Each minor detail provided was packed with useful information to complete the task. Although useful information was provided, there could have been more. All in all the buyer should not have any issues completing this method.

[img]http://img231.imageshack.us/img231/8668/easeofuse8.png[/img]

This method is fairly easy to use and should take little to no set-up time. To fully complete the set-up proccess and to reel the subs in would take about one day maximum. Like I said previously, the buyer should not have any major issues when attempting this method.

[img]http://img62.imageshack.us/img62/492/layout4s.png[/img]

The layout is plain as a piece of paper. The background is white and the text included is black. There were no pictures provided which will definitely make this method more difficult to complete. It's just dull.

[img]http://img827.imageshack.us/img827/5131/grammar8.png[/img]

There honestly wasn't too many grammatical errors in this eBook. It seemed as if the author took his/her time very seriously when writing this portion of the eBook. The only issues I did find were punctuation. Other than that, the buyer(s) should not have an issue guiding their way through this eBook.

[img]http://img13.imageshack.us/img13/9043/originality7.png[/img]

This eBook isn't completely original as the site being used is public. Although the site used is public, the author adds a twist that allows you to boost subs with little to no effort.

[img]http://i367.photobucket.com/albums/oo119/mistahellfire/notes.png[/img]

Author, I strongly suggest spending some more time on the design of the eBook. It stands to those who purchase.

Good luck with sales!

[img]http://img705.imageshack.us/img705/6448/quality8.png[/img]

Author has included enough information regarding the method which should be sufficient to successfully perform the method.

[img]http://img191.imageshack.us/img191/7673/easeofuse7.png[/img]

The method itself is pretty simple to perform however, any user who never used the referenced website before may find a little difficulty in following the steps due to lack of images. Other than that, this method is fast, easy & yields quick result.

[img]http://img62.imageshack.us/img62/492/layout4s.png[/img]

The layout of the e-book is inferior than even the generic one. Probably, the worst thing about this e-book is the layout. The e-book just look messed up.

[img]http://img827.imageshack.us/img827/5131/grammar8.png[/img]

There were no serious grammatical error in the e-book. Just few minor errors which does not have significant effect on readability.

[img]http://img847.imageshack.us/img847/4037/originality6.png[/img]

The site is very public and I guess I've seen a method similar to this somewhere. However, this is still a little different. Also there are no bots involved, so you're pretty safe using it.

[img]http://i367.photobucket.com/albums/oo119/mistahellfire/notes.png[/img]

To readers:

- Method is fast & easy.
- Doesn't use bots that violates the TOS.

To author:

- Everything was great except the layout. Serious work is needed in this direction.
- Pay a little attention while adding punctuations to your sentences.

Good luck with sales!

Thanks for the reviews!!

First buyer on the new premium thread will get the ebook for 5\$!

D?AKE - July 10, 2012, 2:24 pm

Buying this will help you get alot of subs+ youtube views!

Traitor-Panda - July 15, 2012, 4:14 am

Just to get this straight. For 5 minutes a day I get $50 \times 24 = 1200$ subs per day?

D?AKE - July 15, 2012, 11:30 am

Yes, you can get 50/hour, so if you did your math right you would be correct.

jbman223 - July 15, 2012, 1:10 pm

Does this involve using the site subxcess? If it does not I may be interested. Also, do I have to subscribe to others to get the subscriptions? Thanks!

D?AKE - July 15, 2012, 2:33 pm

No, and please stop trying to guess. Only post if your interested!

This eBook is simple, yet elegant. Each minor detail provided was packed with useful information to complete the task. Although useful information was provided, there could have been more. All in all the buyer should not have any issues completing this method.

This method is fairly easy to use and should take little to no set-up time. To fully complete the set-up process and to reel the subs in would take about one day maximum. Like I said previously, the buyer should not have any major issues when attempting this method.

The layout is plain as a piece of paper. The background is white and the text included is black. There were no pictures provided which will definitely make this method more difficult to complete. It's just dull.

There honestly wasn't too many grammatical errors in this eBook. It seemed as if the author took his/her time very seriously when writing this portion of the eBook. The only issues I did find were punctuation. Other than that, the buyer(s) should not have an issue guiding their way through this eBook.

This eBook isn't completely original as the site being used is public. Although the site used is public, the author adds a twist that allows you to boost subs with little to no effort.

Author, I strongly suggest spending some more time on the design of the eBook. It stands to those who purchase.

Good luck with sales!
