Thread: [\[\\$5\] Giveaway \[L33ts & Ub3rs\]](#)

Phytrix - July 1, 2012, 3:45 am

\$5 PP giveaway, as I have some excess cash laying around.

The requirements for entry are:

- Must be L33t or Ub3r.
- Must have NO unresolved scam reports, will be checking.
- Must have no more than 3 neg reps in relation to LQP or scamming (may have more, let me know before you apply via. PM and I will review manually).
- Must have a warning level of 40% or under (may have more, just PM me and I will review).
- Must have 1K posts.
- Must have at least 50 rep.
- Must have acceptable grammar
- Must use the provided template

I don't want to give just anyone the money, as such, the requirements for entry are applied.

I would like you to use the following template also.

Code [color=#00BFFF]Name:[/color] xx

[color=#00BFFF]Profile Link:[/color] xx

[color=#00BFFF]Usergroup (L33t/Ub3r):[/color] xx

[color=#00BFFF]Why I Deserve It?:[/color] xx

[color=#00BFFF]What Will I Do With It?:[/color] xx

[color=#00BFFF]Have I Read The Requirements? Do I Fit Them All?:[/color] xx

[color=#00BFFF]Any Additional Info?:[/color] xx

The quality of your submission form will most obviously be reviewed. I may choose multiple winners, so it's \$5 minimum. The amount will be \$5 per person, if multiple winners.

I will be reviewing your creativity (title/colours/fonts will help).

Will draw once I feel that the thread is starting to die down, and we have enough quality entries.

Good luck, feel free to PM me in regards to anything.

Accident - July 1, 2012, 3:55 am

Shame I've got more than 3 neg reputations about LQP.

Good luck to all members whom which choose to enter, and let's hope it's your lucky day!

Pretty bad requirements.

Why restrict us from a competition because of things others do?

They are my requirements. They are set there because I do not want LQ members applying. There is room for persuasal, as I said in brackets, but the rules are there for a reason.

For example, you have scammed many people in the past, hence you are not welcome to apply.

What the fuck?

I have never scammed ANYONE in my entire life on these or any forums.

Don't just 'assume' I have scammed someone because of my rep.

I'm sure you have HEAPS of -reps for your obviously LQ posts.

Seriously...

My apologies, I assumed you were the original Nifty.

Anyhow, I have multiple other reasons.

It is MY giveaway, I have a right to accept/decline members as I see fit.

I have 2 -reps, both of which were revenge reps.

I don't have obviously LQ posts, identity jacker. Provide some examples and I shall see fit that they are junked.

Why I Deserve It?: I would not give you sample links of my work/help that I have provided to the community. It's been good 2+ months that I am really working hard to do my best for HF. And I believe; my work should speak for itself. I hope you must have seen me in the VIP area many a times and even in the Rhythm group. I would not say I am only helping HF in terms of giveaways (Netflix, Hulu+, RS and other premium accounts); rather I am pretty much in to giving quality advises to our members. Additionally, being in to the technical field, I really feel excited in solving technical issues of our fellow HF members. Lastly, I agree, still there is lot to give! As the saying goes – Miles to go, before I sleep!

What Will I Do With It?: It's time for some payback to this wonderful community! And I am saving money to donate some funds to HF. In case I win this contest, the funds that I donating will get a good jump. Also, as an assurance, I will prove/show it to you that I really donated the funds that I won through this contest.

Have I Read The Requirements? Do I Fit Them All?: Yes.

Any Additional Info?: Want to Thank You for this contest. And best of luck to the fellow contestants.

Usergroup (L33t/Ub3r): Ub3r (I was recently upgraded (today) by the member named Daisy. Many thanks to her, as I didn't have enough to upgrade!) xx

Why I Deserve It?: I help out a lot of people, all of the time. I am constantly on Skype, aim, or any other chat site, so I can help members. I have spent a good portion of my time helping a lot of members out. Such as, removing viruses, reformatting their computer (where to start, how to do it, driver problems, so on...), and just helping anyone fix their computer in general. I also do all this for free, and on my own time. The only times I have gotten money on this forum was when I had a failing business, refunded everyone though, sold 2 crypts for 2 bucks each, just a few weeks ago, and my upgrade contest. So, all my work has been free on here :)

Here are some High quality threads:

<https://hackforums.net/showthread.php?tid=2292231>

<https://hackforums.net/showthread.php?tid=2560693> -Kinda only made 4 bucks off it, and I don't rat or anything of the sort. I just help people set them up.

<https://hackforums.net/showthread.php?tid=2478232> xx

What Will I Do With It?: Save it in my PayPal, and wait for P0w3r (I think it's called), or just hold on to it. Or buy a snack online. Or donate it to another site I really really enjoy, they need help staying up! It is also a legit site, not a forum or any of that. xx

Have I Read The Requirements? Do I Fit Them All?: Yep, I even PM'ed you about it. xx

Any Additional Info?: You are a very kind user, and your comment in the PM you sent me, made me laugh a lot, as it is so true! Also, I would love to do a bunch of fancy colors, but I am not that good with them, sorry! xx
