Thread: [\[ISSUE\] My ebook isn't reviewed, to whom can i ask? \[ISSUE\]](#)

Hi everyone. I've written an ebook, that i want to publish in "Premium Ebook Bazar". I've sent as procedure cites, a PM to Cam G (One of the leader of reviewers in that section). This is the 7th day later that day. My ebook is not yet reviewed, and i haven't received a PM. to whom can i ask to review my ebook? I've already sent another PM to Skills (Another leader), but i haven't received a reply.

I'm not in a hurry and i'm not impatient, i want only to know if there are problems or what else..

"Feel free to ask us any questions with regard to your review if after seven days have gone, and yet, your review has still not been produced."

From help documents.

Pm any leader.

As you've pm'd another leader, you just need to wait.

Yes, as you can read, i've already PM'ed another leader. But i haven't received a reply. I don't think that i need to PM Omniscient for this little issue..

Not Omniscient, you need to wait as you have Pm'd one of them.

I never recommended you to Pm Omni. ???

Pm any leader, It takes them a long time because they have tons of reviews to do, But once they're done they will accept your thread into the premium ebook section and post the review, It takes awhile just don't pm Omni.

If you sent a PM to both, just wait as the others said.
