I personally don't find this useful, but I'm sure some people might.

How to install:I recommend Firefox with the Greasemonkey extension or Google Chrome with the (REQUIRED) Tampermonkey extension (REQUIRED).

Firefox: <http://userscripts.org/about/installing>

Opera: <http://www.howtogeek.com/howto/3986/set-up-user-scripts-in-opera-browser/>

Internet Explorer:

Google Chrome / Chromium: Install [TamperMonkey](#) from the Chrome Web Store. Then follow the instructions for installing under FireFox.
