Thread: [New Section Idea: Cooking/Culinary/Food section](#)

RhymeSayers - July 4, 2012, 8:37 pm

Maybe a food discussion section? Where people can discuss all information about food such as:

Good Restaurants

Recipes

Food ideas(Suggestions)

Your creations(Post pictures of some food you've made)

Tutorials on how to cook(Something like Grilling for idiots)

And on holidays it will always be interesting to see holiday specials.

Just an idea I thought you'd be interesting to see on HF.

Yeah I was thinking of suggesting this.

I back it

This would be a cool idea. Maybe Omni would allow it so he can learn how to make some delicious food? ;D

really hope he at least thinks about it. Or at least sees it :P

I already know my first thread im gonna post if they make the section!

This has been suggested many times. There just aren't enough threads about cooking already to warrant it.

It sounds great in theory, but this is why it wont happen:
