Thanks :D I am hoping that some people might want to try my services

NUCLE4R - July 7, 2012, 3:36 pm

Vouch for OP, legit guy and service.

Ridiculously expensive compared to the existing services. I guarantee Gwapo's service, and even my own, is 100x stronger and he only charges \$5 per hour.

You need to lower your prices if you want to make sales.

Thank you for suggestions, although I don't know how you can guarantee when you haven't even seen my strength

Vouch user will defiantly scam Boot any IP offline.

puremindd - July 8, 2012, 12:17 am

Vouch will hit very hard, quite the nice booter..great for stress testing servers.

ayyy lmao000o - July 8, 2012, 9:25 am

I can vouch for this, works great, really cheap.
