Thread: [24 hour fitness is fucking bullshit](#)

why on earth would you be called 24 hour fitness if you aren't open 24 hours a day?

I'm no doubt going to send a complaint in on my club because they kicked me out at 8:45PM, when they close at midnight on the website.

I'm going to go workout now, hopefully they don't close in 30 minutes...fucking faggots.

Where i work out, they have open all day.

i have my own card, and we can go there when we want to.

12pm 1am 2am 3am 4am etc all open.

I think it's more of a... state of mind gimmick.

Like Bed Bath and Beyond.

There's nothing beyond the beds and baths.

Liars, all of them.

i guess it depends on the location, down here they are only open until midnight, on sunday and saturday they close at 7PM and 8PM.

I think all gyms should be 24 hours, gyms that aren't are pointless especially the ones that close at like 7 on a weekend, like wtf? lol

The gym I go to is 3 floors under my office, opposite from the canteen.

Meh, idk.

If it says 24 it is.

If it says midnight it is.

Go sue their ass off.
