the ebook has a high potential to work i would say 100% as everything will be done virtual and you got the eGift card at 24 hour

it's not an SE wich will make the method more likely and comfortable to do, as it not involve any blackhat or illegal activity.

and it can be done every time as it unsaturated and it will not be. you could make a fortune from those gift card

overall total is a good ebook : 10/10

Bought this ebook, waiting for results, when you claim the reward it takes 24 hours, but the set up only takes 5 mins. If it works its a really great method, i'll post here with the results in a few hours.

Does it involve going on another site to do some type of survey?

Not like P2S or Prize rebel but like simple questions then get your \$5 GC.
