Jaguar - July 14, 2012, 3:26 am

My sticky thread will be expiring today and after that the sales will be closed. So this is the last day of sale. Those who still want to make a decent amount of money online, just buy it and start earning.

atUG - July 14, 2012, 3:26 am

This seems very nice! Good luck with sales and vouch for Jaguar! He's a legit seller.

DARPA - July 14, 2012, 3:58 am

Thanks Jag,

Look forward to reading it. Will leave feedback in this space when i see it's legit. :-)

UPDATE:

This method seems to be very good. I will definitely be implementing it. I rate it a 8.7/10 for ease of use and simplicity. I will definitely be using this method on two fronts. Completely White Hat also, which is always good.

:-)

Jaguar's method is unique and brilliant. This eBook thoroughly explains everything you have to do to make this method work. It does require you to put in work, at first at least, but what's even better about that is he sums up in a few paragraphs how to make it happen without putting in much work yourself but using others to help you. It's completely white-hat and the best part about it is that it technically requires no investments. I like the way the eBook's put together, and introduces a new system of marketing.

Anybody who buys this eBook will be fascinated and I suggest it to all users. Vouch for Jaguar, he is an incredible mind.

I bought the eBook and have skimmed through it. I know this method will work, and I am very close to closing in a potential \$315 profit deal. This method is insanely easy for the lazies. If you would like to make \$315 easily, then this is the book for you. It works great especially if you live in big cities like NYC, San Francisco, Chicago etc., and is guaranteed profit.

I need to give credit to Jaguar for thinking of this.

Overall: 9/10

This method WORKS. I will add payment proof when I close the deal.

Is this one of your other e-books of contacting people and making sites for them? Cause that other e-book wasn't really "Auto Pilot" or anything. What's this e-book about exactly? Will you do any writing? Is it like an offline method or multi method? Meaning, do we need anyone else to make \$ (like contacting people etc) or an exploit type of thing?

That description of the e-book saying "this doesn't involve ..." it's not helpful at all and it doesn't describe the ebook so please say what the e-book is about instead, there are ways of doing that without leaking it.

BTW, you should post more RECENT payment proof, those are 1 month old.

Thanks.

ok..first things first. You are not my customer and how you got my other ebook?
And this method is not about creating websites or anything. I never told that the other ebook is autopilot.
But this is not an exploit. This method can be made autopilot if you want.
And I am sorry, I can't tell more about what this method is. I have already given clues and you can see some customer opinions too.

From what I've read in the thread, I find this guide one of the most legit and guaranteed to make money. The two things that caught my attention were the fact that it's worldwide, so members from anywhere can make profit, as well as the fact that no investments are required to start off with the method... That's of course with the high profit rate of \$315 with every repetition.

I hereby recommend this guide to any lazy user who's looking to make money with ease.

Few hours of work indeed can make you up to a thousand of dollars if you atleast follow it, not to mention he gives you enough space to try something on your own. Best eBooks Ive came across on HF! This ebooks ease of use would have to be a four star out of five. The ebook is very easy to follow but there is room for improvement. This ebook also is a very effective white hat method so there isn't any risk you take once you begin it. This method will maintain a high customer satisfaction rate as it helps them become very prosperous business people.

=====

[img]http://img534.imageshack.us/img534/5183/5fe7ea0d.png[/img]
?????
The grammar in this eBook was astounding. You can tell the author, Jaguar, put numerous days or hours into proof reading it for any grammatical or punctuation errors.

=====

[img]http://img155.imageshack.us/img155/7835/aea97688.png[/img]
????
The layout of the eBook is great. It is in a nice, clean organized flow and has well formatted paragraphs. All images and diagrams are placed in correct places in this method.

=====

[img]http://img801.imageshack.us/img801/4135/a7bd16f6.png[/img]
????
This ebook is very similar to some other methods I have read before. The author has added some things and made it seem more unique and easier than what I had previously read. It's not promising you will make the full \$315 if you don't do it correctly but even a new person to marketing could make at least \$200 per attempt.

The quality of this ebook is superb! Inhabent seen something with this much quality in a while. It was a very pleasing experience to read this ebook. The quality of this ebook gets 5 stars out of 5 in my opinion. Jaguar has added his own input in this method and has made it where anyone can

become very prosperous online.

I have just finished reading through this, and I must say that this method is extremely unique.

Originality: The eBook is something I have never read before, obviously, but the method is very unique, and out of all the eBooks I have read it has no correlation to them, granted there may be some others like this.

Ease of Use: The method can be very easy with the help of others, but profits will decrease. I don't see why you wouldn't put the extra 30 minutes into it though to get the best profit.

Grammar: Didn't look for tedious errors, but the ebook flowed except for a couple missing letters on words.

Final Review: This method will surely make you a profit everytime you do it, if you do it, which I don't see why you wouldn't. It is completely whitehat, so you will not have to worry about getting in trouble or losing money.

I have finished reading the ebook completely, here is my review of it.

Originality: 7
This isn't completely original, I've seen similar techniques but this is something I haven't seen be sold on HF yet.

Ease of Use: 9
It's basically handfed, you get everything you need from the eBook.

Grammar: 9
Small mistakes a few area but overall, easy to read and understand.

Layout: 7
The layout could have been done better, had some trouble scrolling.

Overall: 8
The ebook was easily to read through and follow, the layout could use some work, grammar were excellent, it's a well-written ebook that handfeeds everything to you, it may take several tries before getting paid but you will get paid.

This e-book has an outstanding quality, The author provide lots of information about this niche/method, He explained it clearly and briefly.

[img]http://img263.imageshack.us/img263/1592/easeofuse9.png[/img]

The steps of this eBook are easy to follow and understand, The author also provide two sample template that you can use.

[img]http://img32.imageshack.us/img32/9348/layout9.png[/img]

The layout was very appealing although it is simple but the words are well visible and can be read easily. The author also use some pictures and charts to explain it more easily.

[img]http://img220.imageshack.us/img220/1151/grammar9.png[/img]

I am not a grammar nazi but I think the grammar was good and I didn't find any errors in spelling and sentence structures.

[img]http://img846.imageshack.us/img846/1675/originality8.png[/img]

This ebook is original, Although the method was kind of similar to other methods especially to his older ebook. But i can definitely vouch that this niche is very unique and you can't find other guide like this. I got almost all of Jaguar's ebook and he never fails to give an original and awesome ebooks.

This e-book has an outstanding quality, The author provide lots of information about this niche/method, He explained it clearly and briefly.

[img]http://img263.imageshack.us/img263/1592/easeofuse9.png[/img]

The steps of this eBook are easy to follow and understand, The author also provide two sample template that you can use.

[img]http://img32.imageshack.us/img32/9348/layout9.png[/img]

The layout was very appealing although it is simple but the words are well visible and can be read easily. The author also use some pictures and charts to explain it more easily.

[img]http://img220.imageshack.us/img220/1151/grammar9.png[/img]

I am not a grammar nazi but I think the grammar was good and I didn't find any errors in spelling and sentence structures.

[img]http://img846.imageshack.us/img846/1675/originality8.png[/img]

This ebook is original, Although the method was kind of similar to other methods especially to his older ebook. But i can definitely vouch that this niche is very unique and you can't find other guide like this. I got almost all of Jaguar's ebook and he never fails to give an original and awesome ebooks.

Title: Sluggard's Paradise
Price: Depends on the package you bought
Pages: 22
Author: Jaguar
Reviewer: zomgkenny

?????????

This e-book has a very nice step-by-step layout to it. Jaguar thoroughly explains how to properly execute this method either by yourself or with the aid of others. This is 100% a white hat method and therefore there is no risk involved in it. By applying these methods that Jaguar lays out, one will probably gain an increase in confidance, which is not needed regardless.

?????????

Out of the three times I've read this, I've stumbled across no grammaticalmistakes. However, I'm no grammar expert, so I ranked it 9/10. Good sentence fluency and organization.

[img]http://img155.imageshack.us/img155/7835/aea97688.png[/img]
??????????

As mentioned before, Jaguar beautifully lays his method out in a step-by-step manner. If one reads the guide correctly, then he/she should never get lost or confused.

[img]http://img801.imageshack.us/img801/4135/a7bd16f6.png[/img]
??????????

I've seen some methods SOMEWHAT similar to this, but not quite. This method is unique like Jaguar has promised. This method will probably not get saturated anytime soon because the demand is some-what large!

[img]http://img844.imageshack.us/img844/6792/82278841.png[/img]
??????????

The quality of the ebook and Jaguar's services is resplendent and magnificent! Not many people put up with the multitude of questions I have while purchasing a product; however, Jaguar answered every single one of my questions till the very end! The E-book itself is a phenomenal piece of work and I strongly reccomend it to users like me who are lazy and want to make bank.

[img]http://img189.imageshack.us/img189/2627/99eae7f1.png[/img]
After reading this ebook three times, I'm impressed. The great time and effort Jaguar put into this ebook is reflected off his superb writing skills and his well though out method. By following Jaguar's method, one can surely reach prosperity :).

Huge vouch for Jaguar, he is a legit seller. The sale went incredibly smooth, and I received my E-Book with the passwords and everything right away. A great seller, highly recommended.

I'd like to start out by saying that Jaguar is a great person in general. He was honest, straightforward, and answered every question I asked him. Those are great qualities to look for when purchasing an E-Book from someone. Jaguar is also a nice dude and very helpful, and has guaranteed me I will have his full support. He will assist me in any way I need in order to earn as much as possible.

I've read through the E-Book twice, it is very well written and put together. It is packed with information, and explains everything step by step, including images for the more "complicated" parts. To be honest, this method is fairly easy to do and implement, and if you are half-decent with computers/internet you won't even need the images. Jaguar's method is efficient, and easy to set up and earn with.

Like mentioned several times in the thread, it takes a few hours at most to set up on the first day, after that you will want to spend roughly an hour a day for the next couple of days in order to start earning as much as possible. The payout is well worth the small time and work investment required.

I have not started the method, but after reading the E-Book twice, I know for a fact it works and will work once I begin to implement it (I plan on starting tomorrow). I have a few years of experience with earning money online, and have tried a lot of methods here on HF and most of these methods never worked. Only a few methods here on HF really do earn.

This is one of those methods.

I just bought Jaguar's eBook and currently waiting for the password. :D

Received the password :) There was some problem with paypal on my end. But everything worked out well. Jaguar have been really helpful!

DJ Ziggs vouching for Jaguar! Gonna read the eBook now. Can't wait. :P

I have read the entire 29 pages well written eBook. Firstly let me conclude all the 29 pages into 1 word. "SPECTACULAR". Jaguar explained to you every bit of details of what the method is about and how you can implement it on autopilot. Images are also included in Jaguar's eBook which will make it even easier to understand. If you can't understand what his eBook is saying, I suggest you go and brush up your english cause everything was explain in simple english words that you use everyday.

About the method

The method will definitely work without no doubt. You can easily earn tons of money with Jaguar's method. I haven't seen any other eBook like this. I totally suggest you to buy it before the sales is close. Great work Jaguar!

I received the password and the eBook the method appears relatively straight forward and gives an option of autopilot. It's an intelligent idea and I can see it will generate money from reading the eBook. The eBook itself is well presented although I had to read it a few times to fully understand the method I think it's a well written eBook and I consider my purchase of it worthwhile. I bought this ebook a few days ago and I have just finished reading all 29 pages. I have to say this is one of the best money making ebooks I have ever bought. I want to share a couple of highlights of the ebook.

- Layout

The layout was incredible. It had outstanding grammar and lots of pictures, making it easy to read.

This method is WHITE HAT! - So you won't be doing anything illegal or get into any sort of trouble.

Autopilot! - If you are really lazy, you can make this method completely autopilot.

Very easy to make the \$315- That was one of the things that surprised me the most. You don't have to do anything hard, everything is easy. You should make your \$315 in no time ?.

Jaguar- He is one of the nicest members on HF. He answered all of my questions very fast and politely. He even helped me with an issue I had with PayPal (completely my fault).

If I had to rate this ebook over all, it would be a 9.9/10. I would highly suggest this ebook to anyone that wants to make money. Thank you Jaguar.

Ok, review time.

Just had the time to read through this e-book.

As usual, Jaguar has gone into great depths of information to ensure this guide is 'noob-proof'. It's such a simple method to perform and is guaranteed to generate you some good money! Full of screenshots and is broken down into simple steps, making it easy to understand for anyone. I'm going to put it to the test right now and will post back with some of my earnings... I believe you could make an easy \$500+ a week, maybe more if you put in the time.

Thanks for this Jaguar, can't wait to buy future e-books that you release.

Bought the E-Book. Waiting on the Password!
EDIT: BIG VOUCH FOR JAGUAR. Very fast in receiving the E-Book. Great guy and a great opportunity to make some serious cash.
Sucks for you if you missed out on this fantastic deal! This E-book is so informative, it is impossible not to make money. I've spent over 100\$'s on other E-Books and this one cannot disappoint. I'll post my first payment here when I get it!
Thank you so much Jaguar!

Great ebook! Vouch!
I bought this and found it easy to understand, unique, white-hat and I'm pretty sure I will make a lot of money from this!
Money well spent. Thanks!

Mr. Xavi - September 6, 2012, 9:05 am

I have just purchased Jaguar's eBook and I must say, it was the best \$34 I have spent on HF in a while. Here is my 2cents.

Firstly, I would like to commend Jaguar on his excellent eBook customer support, I was terrible at the payment and failed to open the correct type of dispute, yet he was understanding and patient and waited until I could resolve this issue, 10/10 for support my friend :)

I received the eBook almost instantly after I had purchased (and eventually fixed the dispute) and I was able to read it immediately.

After reading the eBook, i realized how unique and untapped this method was, and how easy it was to use, the language is excellent and even an idiot can follow this guide to make some good cash. I wouldn't want to go into too much depth with this method as I'd hate to reveal Jaguar's methods, but I must say, is totally unheard of and \$25 or \$34 on this eBook would definitely not be a waste. You could earn the same day if you work hard enough.

Just to any skeptical buyers out there, Don't think twice before you buy.

fanle - September 6, 2012, 10:23 am

Just updating my post regarding this.

The idea behind this is very good and I haven't seen anything quite like this on HF tbh. I could foresee no problem in this working if you put the effort in as the method behind it is very good and I could foresee many people taking it up if presented in the right way. I am currently setting this up myself with a bit of a twist to try and get some more return but props for the initial idea.

One criticism I have towards is that you will have to adjust the method slightly if you are in the UK however it is still fully utilisable here.

I vouch for Jaguar... I read through this book and i know you can definitely make some cash with this. You shouldn't have a problem following the steps because its layed out in a step by step type of way that could get you earning in no time. All you have to do is take action and you should be straight. It's 100% whitehat and is no where near blackhat so you don't have to worry about getting in any trouble for doing this method. It's something that can really benefit you short term and long term, you just have to take it upon yourself to.... "TAKE ACTION"
