300/installs: \$8.00  
500/installs: \$12.00  
1000/installs: \$30.00

People are better off buying 10x 100 bots than 1x 1000 bots, it's cheaper lol.

anyways going to PM you for some business :)

Why is 100 \$2.50 and 1000 \$30.00.

Shouldnt it be cheaper to buy more? I was considering buying but \$30.00 for 1,000 is a lot. Unless they are updates?

**Xylon** - July 15, 2012, 11:10 am

You are not so good at marketing are you? The reason why peoples have multiple prices for a different orders is because the more you buy the cheaper it will get so you lure customers to buy many instead of just the minumum
