it's not fud <http://elementscanner.net//image.php?ID=070a0c4602af9ffe89c54b69427ff8bc>

FaiLL - July 14, 2012, 12:08 pm

dude, which .exe file is to start ? Client.exe or Stub.exe ?

when i start Client.exe it says : Client has stopped working or something others,

and when i start stub.exe then nothing happens

helpp mee pls :)

Oppresor - July 14, 2012, 12:09 pm

Scanned my bin again and I am getting a fud result, please post what you're crypting. I'll investigate more...

This looks fucking amazing.

Now, get ready for the leechers.

Thank you, so much for this.

This isn't the only forum I post this on :)

Anyway... That's why I post new stubs everyday.

?Racer C'mon! - July 14, 2012, 1:26 pm

Looks like a legit post and crypter! Finally someone who does not write PM me for link ;) Well at least i want to say Thank you!

PingByte1337 - July 14, 2012, 1:27 pm

Crypter works not, open and close instant! :(

haddy1337 - July 14, 2012, 1:31 pm

When i try to open the crypter, it is just crashing? Any idea why?

Relativity - July 14, 2012, 2:08 pm

Damn this is amazing!

I'm really loving DailyCrypter.

Thanks so much for this.

Kind regards,
- Relativity.

P.S. w00t! Got my 200th post. :D

Thank you! Appreciate your post :)

DailyCrypter loves you back!

TheVoid - July 14, 2012, 3:42 pm

Would it work if I used a paid for crypter to re crypt something crypted by this, to add spreaders? =D

Greedy question, but would like to know.
