Thread: [\[Free for all\] \[HOT\] Premium Thread Design \[HOT!\] - High Quality!](#)

Fuego - July 16, 2012, 2:41 pm

I was attempting to sell this thread design, but before making any sales I decided to release it free as I feel like giving to HF!

I am releasing this PSD file so users can use it to learn from!

You can use the elements inside of the PSD without consent, but if you use the entire design for something on HF, I request that you leave the watermark at the bottom

THREAD:

Spoiler [\(Click to View\)](#)

This PSD is VERY organized and labeled for easy user interface!

IN ORDER TO GET THIS, POST HERE THEN SEND ME A PM REQUESTING IT, AND I WILL SEND YOU A FREE LINK TO DOWNLOAD!

If you don't PM me, I won't be able to send you the download! This allows me to easily keep track of who has received it!

If you like my work, be sure to vouch/leave a post on my thread:

If you're referring to this design with new info, then no charge at all. The design is 100% free and easy to customize. Unfortunately, I will not edit the information to your needs as I have to attend to clients and other business, so there is not enough time to do so.

Maybe ask around and see if someone that has photoshop and the .psd is willing enough to do so ?

zRandom - January 23, 2013, 2:59 pm
