What keyloggers do you have
where can i download them

Irelandrulz2 - February 12, 2010, 1:12 pm

i have soul logger, you can download them by using the search bar located up the top of
hackforums.

I have a shit load of keyloggers...and like Irelandrulz2 said.....use the search button....it's a magical
thing...so amazing that it finds things that have what you typed in the title....isn't that amazing?
