thanks for voting guys i have sent the bot to everyone that has pmd me!

ConflictedWomble - July 26, 2012, 8:30 am

The bot works to some degree.
It won't let me change how many times to use each proxy or botting interval.

It registered one click out of 10 proxies (20 clicks), but that could be my proxy list being outdated.

Overall, it's not bad but far from perfect.
