Thread: [Giving away porn accounts](#)

?lassy - July 27, 2012, 4:42 pm

I was giving out braz**rs accounts out in the l33t discussion section, and my thread got deleted, so I wanted to know if it is not allowed on HF.

(Don't say obviously it is if you thread got deleted. I want Mentor's or higher rank's opinion)

The rules say:

8. No adult images, adult links, or adult account trading.

If giving away accounts can be counted as account trading then I understand it, but I would like someone to clear this up.

I hope someone explains it soon. ?

You are not allowed to do that here because, the members here are kids. :)

8. Adult account trading, Adult links

That's why it got deleted.

HF was better when the porn was allowed :(

Dumps

Providing accounts that don't belong to you, whether in trades, for sale, or free, dumps are not allowed. The definition of a dump is a file with logins, passwords, personal details or emails.

I.. think that could be the reason.

I still want Mentor's (Or higher) opinion.
